Electronic Resources for Teleworking

Lorain Safety Council

The BWC Library is open for business! Go ahead and send us your questions.

Contact us via email: library@bwc.state.oh.us

Safety Materials

New Ohio BWC Website

OSHA Publications
The OSHA Publication website has training materials, posters, and manuals.

OSHA Employer Assistance
The OSHA Help for Employers Page has links to a wide variety of information about compliance with OSHA standards. Of special note is the Quick Start program.

NFPA Standards

The NFPA standards are all available in read-only format from the NFPA website. Create a login on the site to access.

ANSI Industrial Truck Standards
This website has the ANSI B56 standards available for free download in PDF format

Ohio Fire Codes
2017 Ohio Fire Codes

Training Network NOW

https://trainingnetworknow.com/

The BWC Video Library is currently not able to ship videos on DVD or USB format, so we are exclusively using our subscription to Training Network NOW for internal staff and external customers. This service currently has 260+ streaming safety videos available. Email the library for access. For more information, please visit the video library website.

Ohio Memory - Bureau of Workers' Compensation Collection

https://ohiomemory.org/digital/collection/p16007coll87

If you want to know about the history of the Division of Safety & Hygiene, now is your chance! Newest collection includes all editions of the DSH produced *Ohio Monitor* magazine from 1928-1997. The Ohio Monitor, also called the Ohio Industrial Commission Monitor, OIC Monitor, or simply The Monitor, was a monthly bulletin highlighting topics in workplace safety, Ohio workers' compensation law, and safety practices and programs of Ohio businesses.

American Welding Society Welding Safety Course (Free)

https://awo.aws.org/online-courses/safety-in-welding/#modules

"Based on the ANSI Z49.1:2012 Safety in Welding Standard, this course includes a broad range of topics, including hazards, safety equipment, ventilation, welding in confined spaces, safety precautions, and safety specifications. Presented in easy-to-access, online modules, the AWS Safety in Welding course is equally accessible to students, hobbyists and established professionals who want to expand their knowledge base and core competencies."
